Edifying and Training Ministry

2 Timothy 3:16-17

*“All Scripture is God-breathed and is useful
for teaching, rebuking, correcting, and
training in righteousness, so that the servant
of God may be thoroughly equipped for
every good work.”*

QUALITY BIBLICAL TRAINING

The need for more effective leadership in local churches is evident. Pastors of small churches need assistance in leading the total church program. Mid-sized churches have leadership needs in age-graded programs. Staff members in larger churches need additional assistance in program development and implementation. The church leadership certificate program addresses the need of leadership by providing specialized, short-term training for church leaders. This program is available to all persons regardless of educational background.

The purpose of the Biblical Ministry Certificate is to provide leaders of the local church a biblical basis for ministry and to provide tools for properly interpreting Scripture as the basis.
